# MOJUBA MOFOLUWASHO OLADUNTOYE

*Full Stack Software Engineer*

oladuntoyemojuba@gmail.com | +234 907 529 2261 | Ibadan, Oyo State, Nigeria | Portfolio | GitHub | LinkedIn

## PROFESSIONAL SUMMARY

Results-driven Full Stack Software Engineer with hands-on experience across the entire Software Development Life Cycle (SDLC) in Agile environments. Proficient in architecting responsive front-end interfaces and scalable RESTful API backend services using React.js, Node.js, Express.js, and TypeScript/JavaScript. Demonstrated expertise in relational database management (MySQL, Sequelize), version control with Git/GitHub, automated testing, debugging, and code reviews. Adept at enforcing security protocols and optimizing system performance to enhance overall user experience.

## TECHNICAL SKILLS

**Languages & Front End**
TypeScript, JavaScript (ES6+), HTML5, CSS3, React.js, Tailwind CSS, SASS, Alpine.js

**Tools & Practices**
Git, GitHub, Agile/Scrum Development, SDLC, Code Reviews, Debugging, Automated Testing, Release Testing

**Back End & APIs**
Node.js, NestJS, Express.js, Fastify, RESTful API Development & Integration

**Soft Skills**
Problem Solving, Analytical Thinking, Cross-functional Collaboration, Technical Communication, Attention to Detail, Adaptability, Continuous Learning

**Databases & ORM**
PostgreSQL, MySQL, Prisma ORM, Sequelize

**Security & API Tools**
JWT, CORS, secure cookies, rate limiting, Arcjet, Swagger/OpenAPI, Postman

## WORK EXPERIENCE

**NEEGLES,** *Software Engineer Intern → Junior Software Engineer* 04/2025 – 10/2026 | Remote

- Built and supported production full-stack web applications using React.js, TypeScript/JavaScript and Node.js, supporting regular user activity and ongoing feature development.
- Developed responsive, cross-platform interfaces and reusable UI components with HTML5, CSS3 and Tailwind CSS, improving consistency, accessibility and maintainability.
- Engineered RESTful API endpoints with Express.js/Fastify, MySQL and Sequelize, incorporating validation, filtering, pagination and structured error handling.
- Strengthened application security through JWT authorization, bcrypt password handling, SHA-256 reset-token hashing, CORS, secure cookies and API rate limiting.
- Implemented click analytics and documented APIs with Swagger/OpenAPI while using Postman for endpoint testing and debugging.
- Diagnosed and resolved software defects through automated and release testing, systematic debugging and peer code reviews within Agile/Scrum development cycles, improving application stability and code quality.

**Iredamayo Global,** *IT Support* 04/2024 – 03/2025 | Oyo State & FCT

- Configured and supported staff workstations, printers, user accounts, and network access.
- Installed and updated endpoint security software across organizational devices while troubleshooting Wi-Fi, account-access and hardware issues.
- Deployed UPS and surge-protection units and diagnosed power-related equipment faults to reduce operational disruption.

**Nigerian Communications Commission,** *NYSC Intern* 12/2022 – 10/2023 | Abuja, FCT

- Collaborated with departments to fulfill group projects.
- Participated in staff meetings to discuss latest developments.
- Created and modified presentations for departmental meetings.

**IT Plus Global Technologies,** *Intern (Industrial Training)* 01/2021 – 06/2021 | Ibadan, Oyo State

- Configured and maintained network infrastructure.
- Diagnosed hardware failures and installed UPS protective units and surge protectors, mitigating equipment damage from power volatility.
- Executed endpoint security measures by deploying and updating enterprise antivirus software across organizational devices.

## EDUCATION

**Bachelor of Science (B.Sc.), Software Engineering,** *Babcock University* 08/2018 – 07/2022 | Ogun State, Nigeria
Second Class Upper

## CERTIFICATIONS

- IBM: Developing Front-End Apps with React (Coursera)
- IBM: Introduction to Cloud Computing (Coursera)
- IBM: Introduction to Web Development with HTML, CSS, JavaScript (Coursera)
